Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

Memories of childhood and youth, portraits of those who have gone before us in the battle - taken together, they build up a face that I have loved long since and lost awhile, the face of what was once myself. This has come by accident; I had no design at first to be autobiographical; I was but led away by the charm of beloved memories and by regret for the irrevocable dead; and when my own young face (which is a face of the dead also) began to appear in the well as by a kind of magic, I was the first to be surprised at the occurrence. My grandfather the pious child, my father the idle eager sentimental youth, I have thus unconsciously exposed. Of their descendant, the person of to-day, I wish to keep the secret: not because I love him better, but because, with him, I am still in a business partner-ship, and cannot divide interests.
