Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

ONLINE LASSI

Pearson Education (US), United States, 2005. Online resource. Book Condition: New. 2nd Revised edition. 229 x 152 mm. Language: English . Brand New Book. Overview of LASSI(For additional information, please visit [What is the LASSI assessment and what does it measure?](#) Nine years of research, development, and testing led to the creation of this statistically valid and reliable tool for the diagnosis of study skills. The LASSI is a 10-scale, 80-item assessment of students awareness about and use of learning and study strategies related to skill, will and self-regulation components of strategic learning. The focus is on both covert and overt thoughts, behaviors, attitudes and beliefs that relate to successful learning and that can be altered through educational interventions. Research has repeatedly demonstrated that these factors contribute significantly to success in college and that they can be learned or enhanced through educational interventions such as learning and study skills courses. Also available in a paper version, ISBN #0131723154. Available for \$3 when packaged with any text.
