Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Real America The gigantic experiment in civilization of what were at one time the thirteen North American Colonies of King George III, now, and for 130 years past known as the United States of America, has been the theme of many writers and the inspiration of many pens. When Christopher Columbus, setting sail in his frail bark from Spain to discover a new route to India, landed instead on the American Continent, he gave to humanity a new world to play with, and in that new world a new civilization has arisen, one differing in almost even conceivable way from the civilizations of Europe and Asia. It is little to be wondered at that universal interest has been attracted to it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
