It focuses on details affecting the Doha negotiations and also addresses broader themes of leadership, changing balances of power, and institutional limitations of the WTO. Six country-cases of the established and rising powers, along with two chapters on the critical intervening variable of coalitions, offer new insights into problems and opportunities available in the multilateral trading system. The Introduction and Conclusion, co-authored by the two editors, ensure that the resulting volume will provide an accessible, holistic, and cohesive understanding of leadership and change in the multilateral trading system.
