

It s Complicated: The Social Lives of Networked Teens (Hardback)

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

(Mitchell Kuhn III)

Yale University Press, United States, 2014. Hardback. Book Condition: New. 213 x 147 mm. Language: English . Brand New Book. An essential read, written by a leading expert, for anyone who wants to understand young people s use of social media What is new about how teenagers communicate through services such as Facebook, Twitter, and Instagram? Do social media affect the quality of teens lives? In this eye-opening book, youth culture and technology expert danah boyd uncovers some of the major myths regarding teens use of social media. She explores tropes about identity, privacy, safety, danger, and bullying. Ultimately, boyd argues that society fails young people when paternalism and protectionism hinder teenagers ability to become informed, thoughtful, and engaged citizens through their online interactions. Yet despite an environment of rampant fear-mongering, boyd finds that teens often find ways to engage and to develop a sense of identity. Boyd s conclusions are essential reading not only for parents, teachers, and others who work with teens but also for anyone interested in the impact of emerging technologies on society, culture, and commerce in years to come. Offering insights gleaned from more than a decade of original fieldwork interviewing teenagers across the United States, boyd concludes reassuringly that the kids are all right. At the same time, she acknowledges that coming to terms with life in a networked era is not easy or obvious. In a technologically mediated world, life is bound to be complicated.
