Like many young people as well as adults, Ilana Weibel knew she wanted something, but did not know what that thing was. She spent the early part of her adult life searching for happiness and satisfaction. A chance encounter with a life-coach helped find her calling in life. She realized that it was her destiny to become a coach and help others. Now, after years of experience, Ilana wants to share her method with the world. Everyone has a personal journey. Each life is unique in its essence and purpose. This book offers a proven and powerful model that helps readers to methodically identify their personal journey. Most methods for occupational assessment relate to the person s characteristics and typology, established from systematic questionnaires. The model developed by author Ilana Weibel in her groundbreaking book harnesses the unique individuality and hidden purpose of the reader, from within their personal fabric of desires and passions. Based upon successful outcomes with hundreds of people, the model presents a series of stages, encompassing processes and questions that carry the individual towards his or her deepest desires. There are no gimmicks, and no pre-determined categories or pigeonholes. The process at every stage is designed to uncover and define the path that will lead to the fulfillment of the reader s uniquely individual life mission. Using this book, you will: Know and find your Calling and find a satisfying and meaningful direction in your life Understand the importance of your Destiny, or Calling Follow a simple method Encounter NO quirky short-term changes.
