Brand New Book ***** Print on Demand *****.The more we analyze language, the more clearly we see that it transcends in depth the most conscious productions of the mind. -Schelling. H. Sayce. Etymology tends directly to aid us in the clear understanding and just and forcible employment of the words which compose our own language. -George P. Marsh. Etymology has the charm of all sciences which deal with the beginning and growth of the great products of nature or mind. -George Curtius. * * * * * From the PREFACE.
